

Department of Organic Chemistry
Indian Institute of Science

Organic Chemistry Lecture Series (every 2nd and 4th Thursday of the month)

Time and Venue: 3:30 PM; online platform

For queries about registration: e-mail: seminar.oc@iisc.ac.in

10 th June, Thursday	<i>Department of Organic Chemistry Distinguished Alumni Lecture "Our Exploits with Sterics: Photochemistry, Organic Materials and Catalysis"</i>	Prof. J. N. Moorthy IISER, Thiruvananthapuram
24 th June, Thursday	<i>"Covalent Organic Frameworks and Reticular Nano-Synthesis"</i>	Prof. Rahul Banerjee IISER, Kolkata
8 th July, Thursday	<i>"Rare Sugar Containing Glycans in Pathogenic Bacteria - Synthesis and Applications"</i>	Prof. Suvarn Kulkarni IIT Bombay, Mumbai
22 nd July, Thursday	<i>"Designer Peptides for Precisely Tuned Transmembrane Ion Transport"</i>	Prof. Nandita Madhavan IIT Bombay, Mumbai
12 th August, Thursday	<i>"Development of New Synthetic Strategies Based on Domino Reactions"</i>	Prof. S. Baskaran IIT Madras, Chennai
26 th August, Thursday	<i>"Precision engineering of proteins enabling biology and medicine"</i>	Prof. Vishal Rai IISER, Bhopal
09 th September, Thursday	<i>"Photoremovable Protecting Groups and their Biological Applications: a journey from Visible to NIR light"</i>	Prof. N. D. Pradeep Singh IIT, Kharagpur
23 rd September, Thursday	<i>"Regioselective C-H Bond Functionalization: A Roadmap to Heterocycle Synthesis"</i>	Prof. T. Punniyamurthy IIT, Guwahati
14 th October, Thursday	<i>"TAAC: A reliable reaction for the synthesis of crystalline polymers"</i>	Prof. Kana M. Sureshan IISER, Thiruvananthapuram
28 th October, Thursday	<i>"Small Molecules, DNA and Self-assembly"</i>	Prof. Jyotirmayee Dash IACS, Kolkata
11 th November, Thursday	<i>"Total Synthesis: The Structural Confirmation of Natural Products; Few Case Studies"</i>	Prof. Rajib Kumar Goswami IACS, Kolkata
25 th November, Thursday	<i>"Sequence dependent folding motifs of small peptides"</i>	Prof. Aloke Das IISER, Pune
